*Total Employment is calculated based on the US News & World Report Placement Formula at 9 months after graduation.

**Internships for international LLM students range in length from 2 months - 2 years with the most common time frame being 12 months. The Internship/Permanent statistics are calculated as a percentage of those LLMs employed in the United States. While a number of internship opportunities are available, Northwestern's International LLM Programs are not designed for students seeking permanent employment in the US. Please see the International Programs [Web site](#) for more information.
